This study presents the findings of the 2001-2002 Student Occupational Follow-Up Survey of graduates of Parkland College, Illinois. A total of 595 graduates of occupational programs were contacted approximately five weeks after graduation. Of those, 352 returned surveys, for a response rate of 59.2%. Females outnumbered males by more than two to one. More than 84% of respondents were white and 6.9% were black. Ages of graduates ranged from 15 to 69, with a mean of 27 years. At least 83% of respondents reported they were employed, a decrease of 0.9% from last year. More than 60% were employed full time (7.5% decrease), and 22.2% part time (6.6% increase). PARKLAND COLLEGE
STUDENT OCCUPATIONAL FOLLOW-UP SURVEY
CLASS OF 2001-2002

INTRODUCTION

This follow-up study of Parkland graduates was a collaborative effort between the Office of Institutional Research/Evaluation (OIRE) and the Career Planning and Employment Services (CPES). The OIRE was responsible for mailing and CPES for following up.

Approximately five weeks after graduation, 595 graduates of occupational programs were initially contacted with a mailed survey. A copy of the survey instrument can be found in Appendix A. Non-respondents were mailed a second survey three weeks later. The remaining non-respondents were contacted by telephone calls, which began three weeks following the second mailing. Some graduates who were unresponsive to the telephone survey were mailed a paper copy to complete and return. This approach generated a response rate of 59.2%.

The OIRE was responsible for data entry, analysis and reporting.

Data are presented in the following tables on rates of graduate employment, meeting college objectives, hourly salary, and satisfaction with current job, major and outside major program areas, student services, academic services and college services.

The survey results are presented in the form of tables. Graduate demographic information by degree program appears in Tables 4-6. Employment data by program is contained in Tables 7-7E. Hourly salary outcomes are located in Tables 8-10B. Graduate satisfaction tables are numbered 11-21, with graduate satisfaction outcomes by gender, ethnicity and age group contained in Tables 18-20A. A listing of the employers of Parkland graduates is contained in Table 22. Tables 23-24 reflect perceptions of Parkland=s contribution to graduates= improvement in reading, writing, speaking, doing math, and solving problems.

PARKLAND COLLEGE

Dear Parkland Graduate:

As a recent graduate, you can provide information of value to Parkland College and our future students. Please take a few minutes to respond to the questions inside. These are items that will help us evaluate Parkland and our services.

When you have completed the survey, simply return it by mail, folded with the business reply address on the outside. If you have any questions, please call me at 217/351-2466. Your responses will be considered as confidential information to be used for research only.

Help Parkland in planning its program offerings by completing this evaluation of your education. Your response is needed and appreciated.

Sincerely,

Sharon A. R. Kristovich, Ph.D.
